Ruokavirasto (Finnish Food Authority), established in 2019, continues the activities of the Finnish Food Safety Authority (Evira). Ruokavirasto operates under the MMM and is the central authority in the field of food and feed safety in Finland. Ruokavirasto plays a leading role in the development and implementation of the national food control programme covering the food chain from “farm to fork”. Some of the inspections are carried out directly by Ruokavirasto, but the main responsibility for the inspections is assigned to regional and municipal authorities.
