

Germany:Germany/12/en

The BMEL is responsible for the federal research institutions participating in the EFSA network in accordance with Article 36 of Regulation (EC) 178/2002, which provide advice on various matters. These include the Friedrich-Loeffler-Institut (FLI) in the area of animal diseases, animal welfare, animal husbandry, animal nutrition and farm animal genetics, the Julius Kühn-Institut (JKI) with regard to plant health and plant protection matters, and the Max Rubner-Institut (MRI) in the field of nutrition and food. Furthermore the Johann Heinrich von Thünen-Institut (TI) provides advice on matters concerning plant health, genetically modified organisms, animal husbandry, as well as environmental risk assessments.
